

Hearing God

November 23, 2025

Discussion Questions:

1. Think of a moment when you felt especially guided by God. This could have been in something ordinary like timing, choosing a restaurant for lunch, or a conversation topic. How did this experience impact you?
2. Why do you think the phrase “God told me ...” creates skepticism or discomfort for many Christians? What emotion stirs in you when someone says “God told me ...”?
3. Pastor Haydn pointed out that God has been restoring intimacy with humanity since sin entered the picture in Genesis. Read Isaiah 58:9-11. Have you ever called out to God and felt like you didn’t hear anything back? What do you think contributes to those silent seasons?
4. **God speaks through Situations.** Have you ever experienced a “closed door” or an unexpected rejection that later became clear guidance from God? What did you learn from that situation?
5. **God speaks through Saints.** Who are the “saints” (godly friends, mentors, spiritual family) God uses to speak into your life? What is the biggest takeaway you have learned through one of them?
6. **God speaks through Scripture.** Read Isaiah 40:8. What fears or hesitations might keep someone from hearing God in Scripture?
7. **God speaks through the Spirit.** Read 1 John 3:24. What does it look like in your life to truly “abide” in Him? How does that change the way you hear or follow His guidance?
8. What is one area of your life you need to “walk in step with the Spirit” and listen for His voice this week?
