

# Finding True Salvation

Foundations – Part 1

October 24, 2021

## Discussion Questions:

1. Read Romans 10:3-4. Do you struggle with feeling like religious activity is what connects you with God or have you ever experienced seasons of that? If so, explain.

2. Read Romans 6:4. Have you made the decision to follow Jesus and make a public symbol of your new life by being baptized? If so, what was that bold step of obedience like for you?

- What are some of the reasons that might hold us back from baptism after believing in Jesus Christ?
- God calls us to follow Him in all areas of our lives including things that might make us uncomfortable. What hinders us from being obedient?

3. Share about a decision you made that drew you near to Christ. Share a decision or step that you need to take next? Such as: surrender your life to Christ and allow Him to pay the penalty of your sins, obey Jesus and make the decision to be baptized, spend more time with God through his word and prayer, attend First Steps to learn more about your purpose and getting connected at The Bayou Church.

## Thoughts to Ponder:

Next week, the majority of your small group time will be spent sharing your personal testimonies. Take the next week to begin working on your testimony. Consider using this [resource](#) to help write your story. For this exercise, aim to keep it at five minutes or less.
