Discussion Questions:

- 1.** Read Hebrews 11:24-26. Moses was able to distinguish between what he wanted and what he valued. What is the relationship between the “fleeting pleasure of sin,” “greater value,” and “looking ahead”? How did Moses overcome the temptation to opt for immediate over ultimate?
- 2.** Pastor Griff mentioned the three handles Paul gave us in Romans 12:1-2: To surrender yourself to God’s will, saturate yourself in the word of God, sense the will of God. Of these handles, which one(s) do you think you’re a work in progress?
- 3.** Read Romans 12:1-2. Does the idea that God’s will can be characterized as “good, pleasing, and perfect” strike you as odd? Why or why not?
- 4.** Has there ever been a time when you would have characterized God’s will as threatening, unfulfilling, and insensitive to the way you are wired? In hindsight, do you see it differently than when you were first faced with the situation?
