

## SERMON DISCUSSION QUESTIONS

Spiritual Surgery: September 6, 2020

- Read Matthew 18:28-35. As believers, we know how much we have messed up in our own lives and all that we have been forgiven. Why is it so difficult to extend that same forgiveness as freely and as quickly as we have received it?
- “Forgiven people forgive people”. Pastor Griff reminded us that it will be easier to forgive what we’re owed when we remember the amount that we have been forgiven. Why do we so easily forget how much we have been forgiven and how do we not take our forgiveness for granted?
- How can holding a grudge against someone affect your relationship with Christ and with others who had no part in the offense? How have you practically let go of past grudges and what’s it like when you release them?
- Read Colossians 3:13. Take some time this week to reflect on all that Christ has forgiven you and how that translates to you forgiving others. Forgiveness isn’t always easy or cheap but it is what Christ commands us to do. What’s your first step that you need to take to be obedient to God’s command to forgive others?
