1. **Read Luke 12:34. Jesus isn't after your money, He's after your heart. Share a time when you were able to honor God through generosity. What was that like for you and what did it reveal about your heart?**
2. **Pastor Sean mentions in his sermon that "money is the quickest path to our hearts." God knows that an important way for you to find out where your heart is, is to follow your wallet. Have you ever thought about how that is true for you? What does your wallet say about your heart?**
3. **What are some hesitations that we have when it comes to being generous? How do we grow spiritually to overcome some of those hesitations?**
4. **"We don't have a wealth problem, we have a comparison problem." How does this statement resonate with you? How can we break the cycle of comparison to be reminded of how rich we really are?**
5. **"God doesn't want something from you, He wants something for you!" Share blessings that you have received or experienced when you have been obedient by being generous with your money.**
